

TAKE IT UP A NOTCH

STRUCTURAL Patented Post and Bracket System Resists Winds to 85 mph!

Then, why this?

*When you can make
The Nexus Connection!*

THE NEXUS POST

A Fully Integrated Structural Column System

The **Nexus Post** is a fully integrated **Structural Column System**, (Metal post, Decorative Column and Cap, and Brackets) that combines commercial masonry technology, a two piece metal post, and a universal bracket design into the most innovative fencing product available.

Patent Pending
